Mural Trail

Sunset in the Blue Ridge mountains

*Get outside, leave the crowds behind, and explore our four-season destinations in and around Marion, Old Fort, Little Switzerland, and Lake James.*

This Blue Ridge wonderland includes more than 70,000 acres of Pisgah National Forest. Ideal terrain for hiking, fishing, mountain biking, and exploring waterfall trails.

Our towns are ideal base camps! America's longest linear park, the Blue Ridge Parkway, is easily accessed. Tour the sections between Linville Falls and Mt. Mitchell State Park. You'll find world-class views, trails, and the popular community of Little Switzerland.

There are four state parks within an hour's drive of Marion and Old Fort. Lake James State Park features two separate park areas, the Catawba River Area and Paddy's Creek Area. Rent a canoe or kayak, pick up a mountain bike or hiking

trail, then cool down on the picturesque swimming beach.

Day trips to South Mountains State Park, Mt. Mitchell State Park, and Chimney Rock State Park will introduce you to more hiking, equestrian, and biking trails. Know before you go, check online conditions, and prepare for sudden elevation-related weather changes.

Eat like a local when you visit our small-town walkable, Main Street communities. There is something for every palate. Award-winning barbecue, ice cream favorites, craft brewers, mead makers, and more.

We are here to help with your travel plans and introduce you to the people, places, and happenings in McDowell County. Visit us online or call. 828-668-4282

# Old Fort - Birthplace of The Pisgah National Forest

Old Fort has been called the promised land of mountain biking. Surrounded by 70,000 acres of Pisgah National Forest, the steep slopes and single tracks appeal to both bikers and hikers.

Why "Birthplace Of The Pisgah National Forest?" In 1911, The Weeks Act made it possible to purchase land for conservation and preservation creating the national forest system.

This section of Pisgah Forest and the Curtis Creek Area includes Phase I (six miles of the 42-mile plan) of the recently opened Old Fort Gateway Trail System. The mixed-use trail complex includes a handicap-accessible section and a trout fishing deck.

This terrain lends itself to off-road racing. Check out the

Old Fort Depot

Hellbender 100 (foot race), the Rock n Roller - Old Fort Edition (back road bicycle ride), and the mountain bike races including the Off-Road Assault on Mt. Mitchell, the Jerdon Mountain Challenge, and the Pisgah Enduro Race.

Don't miss Old Fort's new Gateway Trail System, Phase I opened June 2022 with 6 miles of mixed use trail. Phase II is coming soon.

### Andrew's Geyser Park

Built in 1879 as a tourism attraction, Andrews Geyser was named to honor Western North Carolina Railroad officer, Alexander Boyd Andrews. The geyser was part of the property surrounding the Round Knob Hotel. In 1903, the hotel burned, and the owners decided not to rebuild. The geyser was such a popular attraction, one of its admirers paid to have it moved to the opposite side of the creek, and today it's part of a public park owned by the Town of Old Fort. Park hours are dawn until dusk. Picnic tables are available on-site, there are no toilet facilities.

# Blue Ridge Parkway Communities

Within the National Park Service system, the Blue Ridge Parkway is one of the most visited parks. In our area, you have access to three entry points, NC Highway 80 (at the intersection of US 70), from downtown Marion US Highway 221N, and US Highway 226N. A local and visitor favorite, you'll find the seasonal community of Little Switzerland between two favorite waterfalls, Crabtree and Linville at Milepost 334.

*Blue Ridge Parkway*

Cool, a word to describe everything related to Little Switzerland, including the weather! With elevations between 3200 and 4000 feet above sea level, atmospheric conditions put a new twist on each day.

Mountain culture is shared through storytelling and traditional arts and music. Summertime square dances are still popular ways to spend a Saturday night.

These mountains are where you'll find the "curvy roads" like the infamous DiamondbackNC with

190 curves covering 12 miles of two-lane blacktop. Take home DiamondbackNC swag, locally crafted glassworks, jewelry, and more when you visit the shops at the Switzerland Inn.
